### Life Lessons

Submitted by Ms A

In room 9 we are learning about perseverance! We read The Little Engine that Could, and learned that even when something is hard, we can try again or ask for help! We are reading After the Fall and learning what we can do after we have a problem to have a better day. We CAN persevere!

Next month we will learn more about kindness and filling buckets!

Ms. Lauren is a teacher's assistant in room 12. She has been working at Re-education for three years. Her role in room 12 is to work with the elementary students and she also assists in classroom activities. Ms. Lauren's favorite subject here at RE-Ed is Social Thinking and Language Arts. Her favorite thing to do outside

MS. BRIDGID - OT

MS. BETH - MUSIC

of work is to spend time with her family and go shopping. One interesting fact about Ms. Lauren is she would like to return to school to receive her master's degree.

Ms. Lauren says that Jamaica is her favorite vacation spot so far. One of Ms. Lauren's favorite quotes is "Be the change you want to see in the world".

## Food for Thought

(Originally published Oct 2017)

Although we don't have a cafeteria here at Re-Ed, we do have opportunities for staff and students to purchase snacks and beverages twice a day. **Breakfast cart**, which is open from 8:30-9:00 Monday-Friday serves breakfast breads and pastries, yogurt, juice, water, coffee and hot chocolate. **Snack cart** is open from 11:50-12:20 Monday-Thursday and serves up chips, candy, water, soda and daily lunch specials.

These services allow staff and students to purchase affordable items, and also provides our students with an opportunity to practice important vocational skills such as *interacting with customers, totaling items and making change, being prompt and courteous and food preparation skills*. Prices are VERY reasonable, and the food is delicious!
